DESCRIPTION OF MAJOR SERVICES

The Board of Supervisors is the governing body of the county government and Board-governed special districts. It establishes policy and exercises supervision over the official conduct of all county officers, Board-governed districts and special commissions. The Board approves and adopts the annual budget and initiates and makes recommendations regarding proposed legislation at state and federal levels.

Salaries and benefits of \$8,160,298 fund 62.1 budgeted positions, an increase of 4.8 positions from prior year. The increase of \$464,739 represents anticipated increases to salaries in accordance with Measure P (approved by the voters on November 7, 2006), benefit plan changes for elected selected health insurance, and retirement and worker's compensation rate changes. This budget unit increased by 4.8 budgeted positions due to staffing changes made by the various districts.

Services and supplies of \$508,531 include phone services, electrical equipment maintenance, hardware computer expenses, special department expense, property insurance, office expense, presort and packaging, and courier and printing. The decrease of \$138,132 reflects the shift from services and supplies to transfers for office expenses incurred through the Purchasing Department, the shift of grounds maintenance to transfers, and finally, the shift of travel to its new appropriation.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$62,577 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$343,172 include continued contributions to employee relations, computer analyst support, maintenance service, custodial services and rents. The increase of \$154,787 is a result of the shift of office expenses and grounds maintenance from services and supplies to transfers.

Reimbursements of \$2,171,376 represent reimbursements from priority policy needs. The increase of \$450,953 primarily results from the increased salaries and benefits costs mentioned above.
